INTEGRITY IN SPORT

Affiliating your club with Surfing Australia means you're joining our commitment to make surfing safe, fun, fair and inclusive for all participants at every level, known as 'integrity'.

Surfing Australia adopted Sport Integrity Australia's National Integrity Framework (NIF) policies to provide all aspects of surfing with a system to proactively mitigate integrity threats.

Here are a few things this means for your club:

- access to complaints management support;
- free education and helpful resources;
- peace of mind for your members and parents of minors;
- and showcasing your commitment to integrity to current and future partnership stakeholders.

See our [Integrity Hub](#) for more details.

CLUB AFFILIATION BENEFITS

In support of our Clubs, we have three tiers of affiliation with differing benefits in each tier.

Partnerships and programs are our focus for the development of your club.

For 2025 we have increased your insurance coverage for your club and committee.

HOW IT WORKS

A person in need of treatment and support for their depression or anxiety, simply needs to call the White Cloud Tele-Mental Health phone number between 9.00am and 5.00pm, Monday to Friday.

They will firstly speak to one of our client liaison team members who will take their details and schedule appointments with relevant clinicians (a counsellor, exercise physiologist, etc).

These appointments will then take place via video-conferencing or telephone – whatever the client is most comfortable with.

Some after-hours appointments are available.

The frequency and types of sessions provided to each client will be decided on a needs-based assessment.

A client can either self-refer (just pick up the phone and call us direct) or they may be referred to us through one of your Mental Health First Aid Offices or their GP. Referrals can only be made with the consent of a person in need of support.

To access the service, the client does not require a Mental Health Plan.

We also welcome calls from friends and family members of someone battling depression as we recognise that the 'supporters' often need support themselves. We can also equip these friends and family members with strategies on how to assist their loved one.

WHITE CLOUD
TELE-MENTAL HEALTH SERVICE

07 3155 3456

No referral required.
No mental health plan needed.
No need to travel.
No cost to you.

Surfing NSW Programs

Surfing NSW has a list of programs that are constantly growing and working to benefit Boardriders Clubs in NSW

Surfers Rescue 24/7

Surfers Rescue 24/7 is a free board rescue and CPR course for all surfers and recreational water users in NSW. It provides crucial training to assist in an emergency situation and could ultimately save a life.

The Concept:

Surfing NSW, with support of the NSW Government, are giving all surfers in NSW the opportunity to do a free CPR and Board Rescue Course – “Surfers Rescue 24/7”.

Surfing has been part of the Australian society since the late 50's and during this time, recreational surfers from all walks of life have been instrumental in helping to keep our beaches safe. Be it a patrolled or unpatrolled beach across NSW, Surfers are on the beach from dawn to dusk, 365 days a year. A lot of them are responsible for hundreds of thousands of unsung rescues.

Surfing NSW is excited to offer **FREE** Surfers Rescue 24/7 and CPR courses for Boardrider clubs. We encourage clubs to share this valuable program with their members which is available for all ages.

If you're interested in scheduling in a free course for your club or need more information, please reach out to us at surfersrescue247@surfingnsw.com.au.

Instagram: <https://www.instagram.com/surfersrescue247>

Building a Better Community Through Surfing

“I think this is something everybody should be taught”

Mark Richards

NSW DPI & SNSW

Surfing NSW is stoked to announce that our partnership with the NSW State Government, Department of Primary Industries (DPI), will continue for another year!

Thanks to their support, we can provide FREE, customised aquatic trauma and bleed kits to all affiliated Surf Schools, High Performance Coaches, and Boardrider Clubs in NSW.

In addition to distributing these essential kits, we will also continue to offer specialised trauma training sessions. These workshops will equip participants with the skills to effectively use the equipment in the kits. We encourage you to join us on one of these training days, and we'll keep you updated on when we'll be in your area.

Each kit includes a QR code that links to instructional videos demonstrating how to use its contents.
